EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Adam Schoen on May 25, 2007.

The application has been amended as follows:

In the Specification:

Page 5, line 6, delete "Fig. 16 depicts a multiple modification region sub-region refinement example."

In the Claims:

Claim 1:

line 1, replace "The" with -- A --

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Patentability seen in, although not limited to, the system and method for simulating dental procedures as claimed in independent claims 1 and 19: The closest prior art of record does not teach or fairly suggest the claimed features in combination. The Declaration filed on 5/18/2007 under 37 CFR 1.131 is sufficient to overcome the Arnold "Virtual Teeth for Endodontics Training and Practice" reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
